

Good afternoon everyone,

A slightly earlier communication this week as it is a Training Day tomorrow and we have some important messages to give.

Parents Evenings

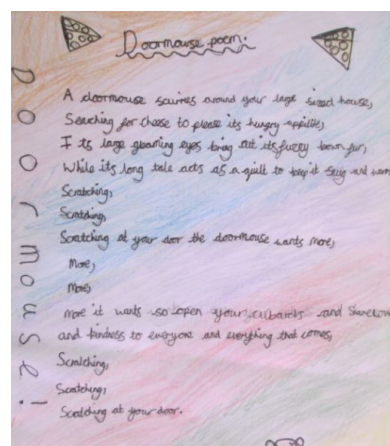

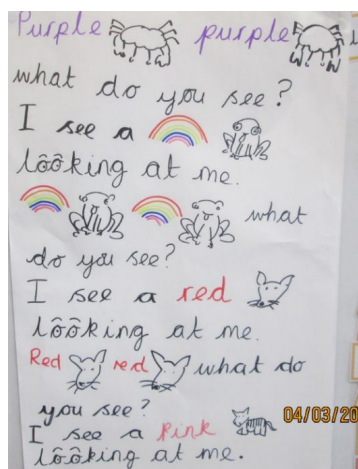

Next week is parents evening week and we look forward to seeing you all. We hope you found Open Doors last Friday really useful and enjoyable to take a look at your child's work.

We would like this parents evening to focus around:

1. Behaviour for learning – (listening, collaborative skills, independent learning etc).
2. What learning is going well.
3. Whether your child is predicted to be on track to meet year group expectations.
4. What the next steps in learning are – (through sharing some key targets for your child).

Poetry Week for World Book Day (not dressing up - that's next week for Sport Relief!)

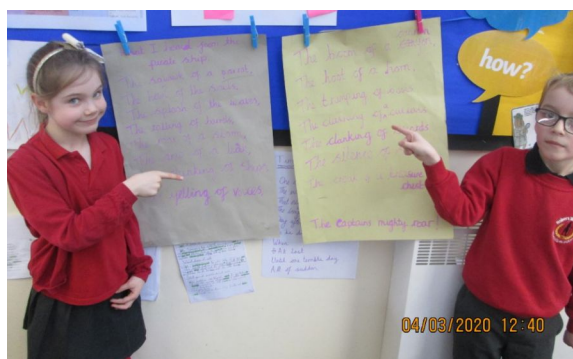

This week has been great fun as well as really purposeful. The children in different year groups have been rapping, rhythm making, rhyming or describing all sorts of different things and tomorrow morning Mrs Tiffany and Miss Clay are leading a celebration assembly to share our creations. There have been some nice additions to our Twitter feed recently [@robwilkprimary](https://twitter.com/robwilkprimary) but don't worry if you are not on Twitter you can see our feed on our website <https://rwprimary.co.uk/>

Early Years Poem using Talk for writing skills

Reading poems with a rhythm and a partner beating the rhythm to help

A fabulous 'Dormouse' poem from Year 6

Have a lovely weekend everyone.
