

What a welcome back!

This term has certainly set off at a pace and with wonderful weather to accompany it!

All our year groups have launched new topics and themes and here we are using photos to celebrate different aspects and activities of school life. A wonderful introduction to the summer term ahead. Pictures do indeed tell a thousand words.

Outdoor Learning

It has been wonderful to see children engaged in outdoor PE and outdoor activities right across the whole school, whether at Forest schools or at After School Club taking advantage of the lovely weather. The buzz and sound of pupils enjoying outdoor activity has been a joy to see and hear.

The Early Year pupils are studying space and the Year 1 pupils the seaside!

Is this space chocolate?!

Is this really

Creating Beach scenes using a paint programme

Year 2 are looking at The Great Outdoors and Year 3 are studying rocks and fossils in their science work as well as learning about Vikings for history.

Making miniature gardens

Studying rocks and fossils

The Year 4's have concluded their circuits science project, Year 5 The Circle of Life including science work on 'forces' and Year 6 are studying the heart, circulation and health for their science as part of an overall theme intriguingly called 'I have Dream!'

Exploring Circuits

Graphing forces

investigating organs

We are certainly looking forward to the rest of the summer term of learning ahead.

As always, have a safe and happy weekend and thanks ever so much for all your help and assistance in keeping everyone safe and following our guidelines.

Kind regards,
Chris Evans
